

Case Study

West Hill School

Stalybridge

Paul Butterworth is the New Initiatives Coordinator at West Hill School in Stalybridge. His department has been using Boardworks KS3 PSHEE since 2008 and KS4 Citizenship since 2007.

Teachers and students alike enjoy the interactive side of Boardworks PSHEE. Paul says: “I love the interactive quizzes and voting activities; they really brighten up the lesson and cater to different learning styles.”

PSHE teachers at West Hill School also find Boardworks products very accessible. Paul explains: “Boardworks is really easy to dip into as the material is ordered into year groups. It really assists me with the main ideas in the lessons. Also PowerPoint is a format we’re all used to, which is great.”
