

AS French Mapping Grid – Languages Ladder

Introductory notes

- Where two grades are separated by a comma, they refer to the two different activities of that type in the presentation.
- Where a range of grades is given (e.g. 9–10), this indicates that the grade achieved will depend on the quality of the student's response to the task.
- The letters 'n/a' indicate that a skill is not tested in the presentation in a way the Languages Ladder recognises.
- Where a higher potential grade is shown for a reading activity in brackets, e.g. '(potential 11)', this indicates that the Languages Ladder would require students to produce a summary of the reading text in order to achieve this grade. (The summary could be spoken or written, in English or French).
