

# What's Included?

**For Summer 2010, KS4 ICT has been fully updated and extensively rewritten to reflect changes to the curriculum. Here you can find all the details of this comprehensive upgrade, which costs £299.**

Covers the 2010 GCSE specifications	KS4 ICT has been fully updated to match the 2010 GCSE specifications, covering the Edexcel, AQA, OCR, CEA and WJEC syllabuses as well as the IGCSE specifications from Cambridge and Edexcel. The updated product also provides support for Functional Skills and Controlled Assessment.
Extensively restructured	The product has been extensively restructured in line with the new specifications. Over 80 bite-sized chapters make finding relevant information and lesson planning easier.
Brand new worksheets	A range of worksheets, practical tasks and past paper-style questions with model answers are included to help your students focus their learning on exam success.
New presentations added	New content reflecting the changes to the KS4 curriculum has been added, including brand-new units covering Current and Emerging Technologies, Creating Multimedia Products, and Written Communication and Controlled Assessments.
Up-to-date content	Dozens of podcasts, audio clips, tasks and worksheets have been added to engage students of all learning styles.
Study skills materials	Brand-new presentations are included which are designed to help your students prepare for Controlled Assessment and long-answer exam questions.
New mapping grids	Detailed mapping grids are included to show how the material can be used in line with the 2010 specifications for all major exam boards.
