

Gunnersbury Catholic School

Brentford, Middlesex

Gurpreet Garewal is the Head of Business at Gunnersbury Catholic School in Brentford. Her department have been teaching extensively with Boardworks Business Studies resources on their interactive whiteboards since 2008.

Gurpreet comments: “I’m very happy with the product. It’s very concise yet it gives a lot of opportunities for depth on any topic. The resources map very well to the curriculum, quite spot on actually, and the presentations are easy to edit and adapt to our specific teaching needs; it definitely helps with planning lessons.”

The Business Studies department have found that the students respond well to the interactive summary quizzes throughout the resources. “I love the plenaries like the ‘Who wants to be an A* Student’ quiz,” says Gurpreet. “The kids love it, they always look forward to that and get very competitive with it! I like the interactive activities in general – they’re excellent for quick-fire sessions and are very good at keeping the students alert. I would certainly recommend the product.”
