Exciting homework and assessments

An online platform that will transform homework and assessments in your school, MyWorks is the perfect complement to the whole-class Boardworks resources you already have. The MyWorks Suite provides access to thousands of interactive quizzes for your students and a wealth of powerful reporting features to help your teachers monitor students and tailor their teaching.

Inspiringly interactive assessments

Students and teachers love MyWorks because it is packed full of inspiring interactivity and multimedia which teaches as well as testing. Recap screens, feedback panels and revision content mean that each student receives the personalised guidance they need. And the tests are ideal for supporting an APP approach to teaching and learning.

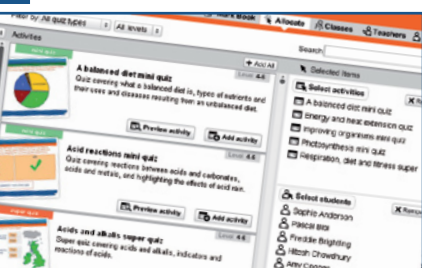

Easy school-wide implementation

Accessible online via any computer, MyWorks doesn't require any installation or special software and takes just minutes to set up. Teachers and students can then access MyWorks wherever and whenever they want – they just need a computer with an internet connection.

Compare students' results across the school

MyWorks provides a suite of powerful online reporting features that allow a school to see and compare student results. The resource provides the opportunity to monitor and compare students on an individual basis, and make a real impact on teaching and learning.

Save hours of preparation and marking time across departments

The wealth of ready-to-set, interactive self-marking quizzes saves you and your colleagues hours of time needed to prepare and mark assessments, and the consistent format across subjects makes it easy to promote use and best practice throughout the whole school.

The MyWorks Suite includes thousands of online quizzes covering KS3+GCSE Science, KS3+KS4 Maths, KS3 English, KS3+KS4 French, KS3 Spanish, KS3 German, KS3+KS4 ICT, KS3 Geography, KS4 Business Studies, KS4 PE, KS4 Citizenship, KS4 History, KS3 D&T, KS3 RS, KS3 Art, KS3 Music, KS3 Drama and KS3 PSHE
